2012 Qualified Safety Program Registration Form

Registering your qualified safety plan is as easy as 1, 2, 3!

1) Complete all four sides of this Registration Form;

2) Complete the 2012 Facility Survey for all fields your league uses (DO NOT copy last year's form);

3) Submit both forms with your complete safety plan — including all 13 minimum requirements clearly detailed — with

a **postmark** no later than *April 13, 2012*. This will register your safety program with Little League International (see pages 2.1-2.3 for more information). Due to the volume of plans received, plans may be submitted *starting Jan. 1, 2012*.

Approved safety plans will win your league a cash award based on the number of teams your safety plan covers, if you carry Little League Chartis Insurance. In addition, your program will automatically be entered in the 2012 ASAP Awards!

District Administrators: To earn the district incentive for ASAP participation, a district's league plans must be *received at and* approved by *Little League International by March 13*. This is different than the league deadline and requirement. Districts with **87%** or better of their leagues that LLI received a qualified safety plan by March 13 will earn a **\$350 credit**. Districts with **70%-86%** of their leagues that LLI received a qualified safety plan by March 13 will earn a **\$150 credit**.

Qualified Safety Plan Requirements

Making It "Safer For The Kids"

These two pages contain the 13 minimum requirements for your safety plan to qualify for the cash award if you take Little League Chartis player accident insurance. Page 4 provides a list of ways to improve on the minimum requirements. *This form does not constitute a safety program*. Please submit the safety manual that was distributed to league personnel, this form and your facility survey, as well as any other supporting pieces illustrating your safety program. Please specify all areas on which you wish your program to be judged (facilities improvements, safety equipment usage, etc.), and document to the best of your ability those changes (photos, forms, written procedures, etc.). *Judging:* All judging will be conducted based on the material submitted. Non-original safety plans will not be considered for the awards.

Please list dates when training was/will be held; and where each requirement can be found in your plan.
Please note: Leagues are required to conduct a background check for sexual abuse offenses for all

applicable personnel. See Requirement 4. This is a regulation for all leagues: See Regulation I(b), Reg. I(c)8 and I(c)9. This begins with leagues using the Little League Volunteer Application Form.

1. Have active safety officer on file with Little League International

2. PUBLISH and DISTRIBUTE a paper copy of the applicable safety manual to volunteers

- The intent is to print and distribute the safety plan to all staff: concession manual to concession workers, equipment policies to facilities crew, first aid to managers and coaches, etc. Keep copies in common areas for all volunteers.
- While safety plans may be posted on the internet, individuals must be provided with printed copies to carry with them to the areas where their duties are performed.
- Samples can be found in the example safety manuals on the CD or LL web site.
- Include all relevant material for coaches, including these minimum standards.
- Keep a copy for your league. Send a copy to your DA or District Safety Officer. Little League International does not keep copies for leagues' future use.

3. Post and distribute emergency and key officials' phone numbers

- Include emergency procedures for handling injuries and who to contact to track/report them.
- Include emergency phone numbers for ambulance, police, fire department, etc.
- Include league president and safety officer, consider head umpire, board members.

4. Use 2012 Volunteer Application Form and check for sex abuse

- Managers, coaches, board members and any others, volunteers or hired workers, who provide regular services to the league and/or have repetitive access to or contact with players or teams **must fill out application form as well as provide a government-issued photo identification card for ID verification.** Check name spellings and numbers for accuracy.
- Must conduct a search of the Department of Justice's *nationwide* sex offender registry, using 2012 Volunteer Application Forms, on all applicable volunteers.
- Information on running background checks that contain not only those on a sex offender registry, but other crimes of a sexual and non-sexual nature, can be found on the Little League website.
- May conduct a supplemental criminal background check using resources such as LexisNexis.
- Anyone **refusing** to fill out Volunteer Application is **ineligible** to be even league member.
- League president must retain these confidential forms for the year of service.
- Do not send in volunteers' forms; blank copy of league's application form from correct year should be sent.
- 5. Provide and <u>require</u> fundamentals training, with at least one coach or manager from each team attending (fundamentals including hitting, sliding, fielding, pitching, etc.)
 - It is not necessary for the first aid and training fundamentals to be held before the Safety Plan is submitted. It is acceptable for scheduled dates/locations to be listed to meet requirement.
 - Document date, location, who is required to attend and who did attend. Save copies of attendees to track their participation for future use. Intent is to provide training to ALL coaches and managers; *minimum of one participant per team.*
 - Training qualifies volunteer for 3 years; but one team representative still required each year.
 - High school, college or experienced league coaches can be great resources.
 - Districts can assist by providing training sessions on a district-wide basis.
 - Training should be modified annually to meet the local needs of players and their facilities.

	 It is not necessary for the first aid and training fundamentals to be held before Safety Plan is submitted. It is acceptable for scheduled dates/locations to be listed to meet requirement. Due to their training and education, it is not necessary for licensed medical doctors, licensed 	6. Date Was/ Will Be Held:
	 registered nurses, licensed practical nurses and paramedics to attend first aid training in order to meet requirement; however, it is recommended that leagues utilize these professionals from their league/community to present the training. Other individuals who attend various outside first aid training and courses are not exempt. Document date, location, who is required to attend and who did attend. Save copies of attendees to track their participation for future use to show have had training in past three years. Again, the intent is to provide training to ALL coaches/managers; <i>minimum of one participant per team</i>. Training qualifies volunteer for 3 years, but one team representative still needed each year. 	
7.	 Require coaches/umpires to walk fields for hazards before use Recommend leagues use form to track and document any facility issues needing to be fixed. Common sense activity — look for rocks, glass, holes, etc. Specify who is responsible for doing this — home coach, visitors, umpire, or all? 	7. Page: ———
8.	 Complete the 2012 ANNUAL Little League Facility Survey A requirement each year, can help leagues find and correct facility concerns. Provided with mailing to League Safety Officers, also available from web site — facilitysurvey.musco.com or email asap@musco.com Excel spreadsheet included on CD for easy filing, recording for future use and records. 	8. Page: ———
	 DO NOT simply make copy of past year's facility survey; physically review fields for changes and needs from prior year's survey, and record changes/needs on 2012 form. <i>Keep a copy on file</i> for future needs; Little League does not maintain copies of surveys. 	9. Page:
9.	 Written safety procedures for concession stand; concession manager trained in safe food handling/prep and procedures Local restaurant operators are good resources for training assistance. Training should also cover safe use, care and inspection of equipment. See concession suggestions: April and June, 2000, issues of ASAP News available on Little League's website and Safety Officer Manual CD. 	5 10. Page:
10.	 Require regular inspection and replacement of equipment Inspect equipment before each use by coaches and umpires. Don't just discard bad equipment: destroy it or make it unusable to stop children from attempting to "save it" from waste. Recommend use form to remind coaches and to track equipment needs. 	11. Page: ———
11.	 Implement prompt accident reporting, tracking procedure Accident forms to safety officer within 24-48 hours of incident is common. Forms are available through Little League website and now on CD. Track "near-misses" as a proactive tool to evaluate practices and avoid future injuries. Share information on accidents and "near-misses" with District staff. 	12. Page:
12.	 Require a first-aid kit at each game and practice Many leagues have a complex, but each team needs some form of first-aid kit for off-site practices or travel/tournament games. Local hospitals and medical supply companies are good sources. If necessary, fund through special drive. 	13. Page: ———
13.	 Enforce Little League rules including proper equipment Most Little League rules have some basis in safety — follow them. Ensure players have required equipment at all times, even catchers warming up during infield. Make sure coaches and managers enforce rules at practices as well as games. Make sure all fields have all bases that disengage from their anchors, as required starting in 2008. Remind managers, coaches they are not allowed to catch pitchers (Rule 3.09): this includes standing 	

at backstop during practice as informal catcher for batting practice.
