Fall Ball Softball Mission Statement

As we get ready to start the 2022 Fall Ball program here in District 8, I would like to make a commitment to Ball Players, Managers & Coaches, the Board of Directors and, especially to the Parents. I want you to know and understand that the "game of softball" is just a game. The intention of our Little League program is to help the players understand the game, to teach them how to work well with others and to give them the opportunity to develop and improve their skills. However, the primary goal of our program is for all of the participants to "have fun". I hope this can be accomplished through the 5 weekends of our Fall Ball Program. I hope the players will be encouraged to learn and, in the process, will truly enjoy the game and their participation in this program. This program is designed to let the players move up to the division that they will play in during the 2023 season. This will help prepare them for the next level of play.

As we enter our 23rd season, I, along with the entire District 8 Staff wish you all the best of luck!

Danny
